

## **Joint Symposium 15**

Thyroid Committee / European Thyroid Association - Cancer Group (ETA-CG)

**Saturday, October 24, 10:40-12:10**

### **Session Title**

**Systemic Therapeutic Options in Advanced Thyroid Cancer**

### **Chairperson**

Jasna Mihailovic (Sremska Kamenica, Serbia)

### **Programme**

- 10:40 - 11:09 Christine Spitzweg (Munich, Germany / ETA-CG): Personalized Therapy in View of Molecular Signatures
- 11:09 - 11:38 Daria Handkiewicz-Junak (Gliwice, Poland): Update on Tyrosine Kinase Inhibitors
- 11:38 - 12:07 James Nagarajah (Nijmegen, Netherlands): News from Redifferentiation

### **Educational Objectives**

1. Genetic mutations and alterations in personalized therapy of thyroid cancer
2. Treatment with Tyrosine kinase Inhibitors
3. Redifferentiation treatment in dedifferentiation thyroid cancer patients

### **Summary**

1. Personalized therapy based on molecular testing of thyroid cancer
2. Modern approach of treatment with tyrosine kinase inhibitor in refractory/progressive thyroid cancer
3. Modern aspects in redifferentiation treatment

### **Key Words**

Advanced Thyroid cancer, Personalized therapy, Molecular aspects, Tyrosine kinase inhibitors, Redifferentiation, treatment
